About the Bea Small Leadership Speakers Fund Committee

The *Bea Small Leadership Speakers Fund* is part of the *Committees Subject to Endowments*. It was established in 1996 from a bequest of Bea Small with additional funds from her daughter, Barbara Woodworth. Bea Small was a member of *Omega* Chapter.

The interest from the \$8000 base may be used annually or biennially to provide speakers, facilitators or workshop presenters to assist in the leadership training of NYSO members. This leadership development can occur during Leadership Development Seminars or workshops for State Officers, State Committee Chairs or during the Spring or Fall Seminars or the NYSO Convention. No NYSO members may receive money from the fund.

The Committee strongly encourages our members to make contributions to this fund so that outstanding leadership development workshops may be provided in the future. Members may consider a contribution in memory of a sister whom you felt exhibited strong leadership qualities.

Goal of the Bea Small Leadership Speakers Fund Committee

1. To review applications and select a speaker(s) for NYSO leadership development training.
2. To make members more aware of this fund and to solicit donations to re-establish the base.
