

# Pi Lights

“LDS on the Road”

Published by the New York State Organization

2018

As a quarterly publication, *Pi Lights* is a significant component of our communications with sisters throughout Pi State. Registration for Seminars/Executive Board Meetings and State Conventions, Pi State Executive Committee and Chair reports, International news, Regional news and everything Pi State is shared. It is an opportunity for Chapters to highlight projects, member accomplishments in *Pride of Pi*, special events, Initiates and news and for Area Councils to publicize and record events.

### Resource from International

The International Communications & Publicity Committee publishes “*Get Connected*,” a bimonthly e-memo. If you would like to receive a copy, please let me know, [teachingmom1988@gmail.com](mailto:teachingmom1988@gmail.com), and I will forward the bimonthly e-mails to you. You may also access the newsletter on the DKG International website, [www.dkg.org](http://www.dkg.org).

Due to space restrictions, articles should be a brief synopsis, including key information. Maintaining the deadlines is important for preparation of each issue due to publication schedules and members’ timely receipt of the issue. I look forward to receiving your news.

Best Wishes,  
*Kim, Alpha Zeta*

**Remember** to submit articles about your Chapter events, projects, initiates and member accomplishments to your area newspapers, online, penny savers and other local publications to *promote your Chapter*.
